To Whom It may Concern,

I am delighted and honored to provide a letter of reference for Mr. Erion Hasko and Apolon Construction Group.

Our professional affiliation began five years ago when Erion was highly recommended to me. As a result, Erion has been our most reliable and positive contractor, both on an individual and professional level. Since our first project awarded to Erion, Apolon Group has been our preferred contractor. Projects have included residential units, hallways, lobbies, basements, and exterior work. As a design-build company, Apolon Group's experience has been incredible. This includes handling multi-projects all at once. Erion brings a high level of professionalism, expertise, and dedication to the task. This was also visible to the entire organization of Apolon Group.

As a result of this, we continue to work together on ongoing current projects and we are committed to continue to do so in upcoming future projects planned for the near future.

It is my pleasure to provide any further details in regards to Erion or Apolon Group. Feel free to contact me for any additional information.

Regards,

Jay Herrera

To Whom It May Concern:

It is my pleasure to write a letter of recommendation for Erion Hasko and his company; Apolon Construction Group.

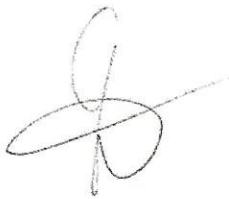

I have known Erion for almost six years and my experience working with him has been excellent. I have learned a lot from Erion's and his professional team of foremen and designer's experience: his personal abilities, and his management of projects, along with his methods of organizational management.

That is what makes Apolon a dynamic organization, from top-to-bottom. It shows in the results of the quality of work and the management of each project. Skills in management mean just as much as experience of accomplishing a massive single project or multiple projects at-a-time.

My team and I are proud to have Erion and his team on our side. Our projects have included, but not limited to, residential and commercial; such as stores, lobbies, hallways, staircase hallways, and multi-unit apartments. Erion's ability to show solutions, become innovative, and offer simplicity to every design project is the reason why we will continue to expand our relation together.

Please feel free to contact me should you require any additional information.

Sincerely Yours,

To Whom It May Concern:

It is my absolute pleasure to offer a reference letter for Erion Hasko and Apolon Construction Group.

I can best offer my input by describing the experience I have had with Erion over the last several years.

I have found him to be professional, reliable, reasonable, and very talented. My partners and I have come to rely on his expertise and ability to not only follow plans, but to implement changes that saved us time and money.

Erion has the ability to think out of the box, and bring an element of professionalism to the table like no other company we have used, to date. In fact, we are contracting Erion and Apolon Construction to design and restore several buildings we own in Valhalla and Hartsdale.

Please feel free to contact me if you would like to discuss this further. It would be my pleasure.

Respectfully,

Michael V. Coratolo

Re: General Contractor - Apolon Construction Corporation

Greetings,

We have worked with Erion on a beautiful project designed by us on the Upper West Side of Manhattan. Apolon competitively bid the project and so we had the pleasure of working together. Erion and his team were able to complete the project quickly which ensured smooth relations with the building management and the client.

Apolon paid excellent attention to the project and joined both the owner and myself in finding solutions as they arose. Their attitude was positive and agreeable as we worked through all phases of the project.

Apolon's onsite staff was conscientious and paid attention to detailing. The result was quality workmanship and a very happy client.

I certainly will continue to work with Apolon Construction on future projects and I will be recommending them to clients as well.

Warm regards,

Peter A. Lombardi - Architect

Apolon Construction Corp.

312 11th Avenue

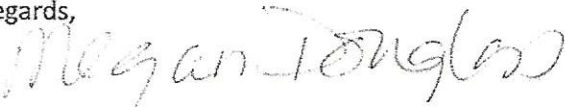

New York, NY 10001

To whom it may concern,

I highly recommend Apolon Construction Corp. Apolon recently completed a full renovation of my New York City apartment and it looks spectacular. There was an excellent line of communication between myself (the customer) and the Apolon team. If any questions or concerns came up, they were always accessible over phone or email and provided me with a knowledgeable and thorough answer.

During the 3 months of the project, Apolon Construction demonstrated diligence and dedication to completing the work in a timely and professional manner. Apolon Construction kept the site clean and organized, which well represented the professionalism of their company.

Regards,

To whom it may concern:

This serves as a reference letter for Apolon Construction Group, who recently completed the renovation of my New York City apartment.

After receiving bids from several contractors, I chose Apolon to a.) combine my one-bedroom with the adjacent studio and b.) completely overhaul my home. They created an entirely new, clean, modern two-bedroom, two-bath space with a beautiful new kitchen, all within my budget and in a reasonable time frame.

The entire team at Apolon, lead by Erion Hasko, is professional, detail-oriented, hard working and courteous. They always had creative solutions for the many surprises that came up during the renovation process in a pre-war building.

In addition to doing impeccable work, they were experts at navigating the many approval layers that are part of city renovations (building architect, co-op board, NYC Department of Buildings, the NYC Landmarks Preservation Commission, etc.) Additionally, they built great relationships with my building superintendent and the rest of the building staff, which was crucial to ensuring that the process went smoothly. Which it did.

I'm now back in my newly renovated home and I couldn't be happier. Working with the team from Apolon was a real pleasure; I recommend them without reservation.

Best regards,

Fred Nelson

We selected Apolon to undertake the renovation of our two-bedroom prewar co-op after reviewing several other proposals. Apolon was competitive on pricing and creative in identifying alternatives that could meet our most important objectives together with cost saving opportunities. Throughout the project, the Apolon team was very professional and highly responsive, working diligently to meet deadlines. They also coordinated well with our architect; never letting the pressures associated with completing a project on a timely basis complicates our mission or inject tension to the task at hand. When faced with the unexpected challenges that accompany any renovation, they were quick to try to address them and identify alternatives that would meet our needs and price objectives. We found their focus to be thorough and the quality of their work to be excellent, with meticulous attention paid to every last detail large and small. We are happy to recommend Apolon's services and to discuss our experience further with anyone considering hiring Apolon for their renovation.

To Whom It May Concern:

As a large General Contractor company that handles large-size projects in New York City and Westchester County, it is my pleasure to recommend Apolon Construction Group as an outstanding and professional company in the construction industry. Working with Apolon for many years has been a positive and rewarding experience for us. We've been successful in completing large projects that required a fast-paced finish and precision by completing every part of the work to the last details.

Some of these projects have included a massive five residential buildings at 3600 Webster Avenue in the Gun Hill Road section of the Bronx, and another significant project at 325 Lexington Ave in Manhattan. As a result of our successful and ongoing cooperation, Apolon has always proven to be reliable. With reliability came the ease of communication, experience, and professionalism. With that said, I hope that this letter will serve as a strong consideration toward working with Apolon Construction Group.

Please don't hesitate to contact me in regards to this letter or if any further assistance is needed.

Sincerely,

Bashkim Byberi
President

To Whom It May Concern,

As a resident manager at Newport East Inc managed by Douglas Filiman Property Management for many years, I have had the opportunity of working closely with Apolon Construction Group on several residential locations. One of such location is my current position at Newport East and my previous position at One Northside Piers located in Williamsburg, Brooklyn.

Apolon has completed over 50 different apartments from both locations. Their quality of the work and professionalism was highly praised by shareholders and owners.

Apolon has gained the trust and capability to handle different types of projects. I highly recommend Apolon for any types of projects that may arise. As an experienced company, they have proven to work closely with customers, vendors, property managements, and every type of obstacle that arose, whether budgeting or timeframe.

Feel free to contact me for questions or for further assistance regarding this letter.

Re: Letter of Recommendation

To Building Management

Apolon Construction Corp. has done various types of renovation and repair work in the building in which I work. The Company and it's workers are dependable, trustworthy and professional to their customer's satisfaction. Apolon's work ethic is one of honesty and integrity in caring for their customers. Apolon's work is always finished in a timely matter. It's a pleasure to work with their workers.

I strongly recommend Apolon Construction Corp. and I hope you afford them the opportunity to do work in your building.

Sincerely

to whom it may concern.

It's our pleasure to write this letter of recommendation for Erion Hasko and his company Appalon Construction.

We have had the pleasure of using his service's on a number of occasion's and have found him to be very capable and competent.

His approach to work and the ability of his staff to carry out the highest level of craft required by our company makes him and his company a pleasure to work with.

Our company specializes in residential remodeling as well as building lobby and Halfway renovations, we have used Erion and his company for both types of renovation and have found his service to be excellent!

He works well with both architects' designers and trades alike and we have no problem recommending him for any project big or small as we feel he is capable and competent to carry out what ever task is handed to him.

Should you have any questions regarding this letter please feel free to contact me. We will be happy to answer them.

Sincerely,

Letter of Recommendation

To Whom I may concern:

In the past few years I'm been working closely with Apolon Construction Corp.

They have performed in numerous different project around the buildings including numerous apartments renovations and building maintenance high finish work .

The latest projects that they have completed are 21 floor hallway renovations with new level 5 skim coats layers , wall paper installation and high finish painting on 245 East 72nd Street New York NY .

This project lasted around 4 month with a crew of 6 employers and was finish prior than agreed time of 4 months.

Also Apolon Construction Corp completed last year another building renovation project on 230 East 73rd Street with 12 floors of hallways level 5 skim coat and high-end paint finish.

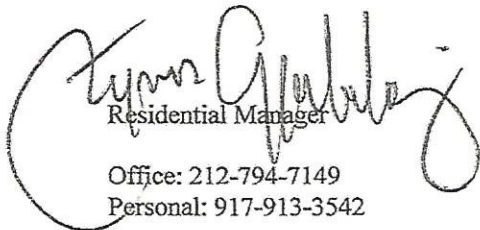

As well Apolon Construction Corp renovated our main lobby hallway and entrance with a record time with double shifts working time.

Our management company and tenants are very happy and confident that in the future construction work projects to hire again Apolon Const Corp.

I personally recommend Apolon Const Corp as a very professional and dependable company for any project in your building or apartment.

Please don't hesitate to contact me anytime to show or discuss their work around both buildings at anytime.

RE: RECOMMENDATION/REFERENCE

To Whom It May Concern:

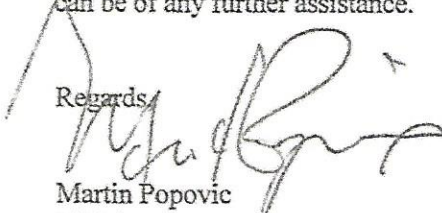

Please accept this letter as my recommendation of services provided by Apolon Construction Corp. Apolon has most recently finished a project at Amackassin Gardens located in Yonkers, NY totaling approximately \$1.4 million. The project consisted of complete waterproofing of the building envelope including rebuilding the building parapet, replacement of the roof, re-pointing the building, window lentils, and window sills as needed. They also made all the necessary repairs on the inside of the building that were caused by the failure of the building envelope including sheetrock, floor repairs, structural repairs as needed, and any other repairs that were required by the engineers.

Their professional handling of the entire project was wonderful. Board members, shareholders and tenants praised their workmanship as well as employee courteousness as they were working on the property. Their professionalism showed through as they handled engineers, city officials, as well as any problems that had arisen during their time on the property.

This was the second project Apolon has completed for me and they have proven to me that they are a very capable company for any project that may come up in the future. The previous project consisted of roof replacement in White Plains, which was completed within the allotted budget of approximately \$800,000.

Thank you for your time and cooperation in this matter. Please feel free to contact me if I can be of any further assistance.

Regards,

Martin Popovic
VP Management
